

**PETROLEUM BASED DRY CLEANER
EQUIPMENT INSPECTION AND REPAIR LOG**

Name of Drycleaner _____
Address of Drycleaner _____

Unit _____
Year _____

This log provides room for three months of entries. The first three columns must be completed even if no leaks are found. This sheet should be duplicated before use to provide for future logs.

The following components must be checked for PERCEPTIBLE leaks EVERY WEEK.

Perceptible leaks are ones that are detectable by odor, visual observation, such as pools or drops, and touch when passing fingers over equipment. If parts must be purchased, indicate the dates they are ordered and the date they are installed. Parts must be ordered within 2 working days of leak detection and installed within 5 working days of receipt.
